

THE CART LOCKER

SOLVING STORAGE AND CHARGING SIMULTANEOUSLY

THE CART LOCKER

Our motorized Cart Lockers are designed to give members an easy place to store, secure, and charge their motorized electric carts at the course while providing an additional revenue stream to the club.

BENEFITS TO THE CLUB

Removes all storage issues at the club.

A three to five year ROI (return on investment).

Minimal to no staff maintenance. Pad Lock

Creates greater convenience for membership.

New revenue source. Customized colour for each club.

Flexible installation means providing an attractive & increasingly needed solution...anywhere.

WHAT OUR CUSTOMERS SAY

THE GLENDALE GOLF AND COUNTRY CLUB

"We needed a storage solution for the growing number of motorized electric carts. The back shop was already stuffed, and we didn't have a way to provide power to all chargers.

If it weren't for The Cart Locker, our club wouldn't be able to provide a convenient solution to our membership and we would have lost a valuable source of revenue."
